

We are touching base to introduce our new long term business financing program that is helping business owners reduce their monthly expenses considerably.

It's a 7- 10 year Term loan, the rates start at 6.25%, however most of our clients are seeing a 10 to 12% interest rate with a 72 month term, here is a breakdown of the payments you will most likely be seeing.

7 year term (72 Months)
12% Interest Rate

Loan Amount	\$100K	\$250K	\$500K	1 Million
Monthly Payment	\$1,765.27	\$4,413.18	\$8,826.37	\$17,652.73

The funds could be used to either pay off any expensive short term loans or take out additional working capital. We are saving our clients a lot of money on monthly payments & helping some of them save their business.

I have already decreased clients monthly payments drastically, one client went from \$200K in monthly payments on 4 loans to just \$14,500, saving him just over \$185K a month in payments

If you have interest please call right away and either myself or one of my team members will go over your specific situation and let you know what we are able to do for you without wasting your time or ours. We appreciate your time and want to insure you that you are in the best hands when it comes to business financing.

Major Requirements:

1 Year in Business
\$500K in Yearly Revenue
570 Fico

Thank You,

Jonathan D Stuart
