

The Global Directory of **WHO'S WHO**

Honoring Executives & Professionals

Introducing the all new www.health-seeker.com!

Dear Doctor,

On April 28, you have been invited as a top doctor to our all new www.health-seeker.com representing Clearwater. The introduction to the Healthseeker page is to provide easy access for potential patients to find you by Psychiatry, geographical area, and health insurance accepted by your office. Using Modern SEO technology, www.health-seeker.com was created to simplify patient online searches for medical providers.

Since the enforcement of the Affordable Care Act, medical practices often change the insurance plans they accept. As well, with the continuous rise of insurance premiums, deductibles and co-pays, individuals and families must change plans each year. Finding the right medical professional is often frustrating and time consuming. Healthseeker is committed to matching our Top Doctors and patients together by location, specialty and insurance plans.

We invite you to join today and take advantage of our introductory offer. Simply visit www.health-seeker.com/signup to create your account. Your enrollment is quick and easy. You may respond by the following means:

- 1) Fax the form to **1(888)460-8601**
- 2) Register online at www.health-seeker.com/signup

Or

- 3) E-mail us at support@health-seeker.com

Remember, millions of people search online every year for medical providers. Allow Healthseeker to match patients up quickly by your location, specialty, and insurance plans without any hassle. We look forward to your membership.

Sincerely,

Nancy Preston
