Tim

You have been pre-approved for a working capital loan based on information reported by Dun & Bradstreet. Our simple loan options allow you to get needed capital with minimal documentation. You have already been pre-approved based on your length of time in business as well as annual sales. You can access the funds in as quickly as 48 hours. Please give me a call at **214-613-7685** to discuss your finance options.

Rates are at historic lows, ask about our "Meet or Beat" interest rate policy; **we will beat any competitors offers.*

I look forward to working with you!

Best Regards,
