Please Complete and Return Before:

Attention Office Manager - Regarding practice located at:

6/18/2016

~~127 Bloomingrove Dr Troy NY 12180~~

As part of ongoing data maintenance of our Optum Provider Database product, Optum regularly contacts health care practitioners to verify demographic data regarding your office location(s). This outreach is independent of and not related to your participation in any Optum network. By taking a few minutes to verify your practice information is current, your information will be promptly updated in Optum Provider Database.

This data is used by health care related organizations to aid in compliance with the 2016 CMS directory accuracy requirements, claims payment, assist with provider authentication and recruiting, augment their own provider data and mitigate health care fraud.

There is no cost to you to participate in this data maintenance initiative. This is not an attempt to sell you anything.

For additional information, visit us at <http://www.optum.com/landing/provider-profiles-faq.html>

Please fax your completed form to **888-407-7547** or
