Dear Sir,

My name is Wang DongJin the Deputy General Manager of CNPC.

The China Refining Company intends to purchase crude oil from Libya via the Azzawiya Oil Company of Libya (PT-AORL). I have been mandated by the Petrochina Company Limited, to initiate talks with the Libyan side for a 12 months contract of 2 million barrels of sarir crude oil per month.

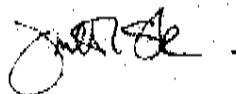

My friends in the PT-AORL, whom amongst them is the coordinator foreign purchasing, Mohammed Abdu has advised me to present a neutral entity (individual or company) to be awarded a 3 years crude oil lifting contract. Then introduce this entity to the Petrochina Company Limited as the Libyan side's license holder.

The license holder will be entitled to between \$4 - \$5 per barrel amounting to \$8 M - \$10 M monthly revenue from each 2 million barrels monthly shipment. This amount i am willing to share 50/50 with you if you agree to work with me on this project. My company, the Petrochina Company Limited is very eager to start buying the Libyan crude which is available for immediate lifting. What is outstanding now is the middle man.

If I introduce the PT-AORL and the Petrochina Company Limited, directly, nothing will come out from the deal for me and as you can see, I am approaching retirement age. I need to set up a sustainable retirement plan for myself. We can either secure the license in your personal name or your company name. From securing the license to receiving the first commission will take a maximum period of 2 weeks to 6weeks.

On your response through my confidential e-mail address above, I will give you further details and proof of my identity.

Best Regards,

Wang DongJin
