NO FDA Menthol Warnings for Burns!

If its snakeoil ... why is it FREE?

If you're launching a breakthrough pain relief system ... better have thick skin. I've been called Phony, Huckster, Preying on Unfortunates ... not to mention Snakeoil Salesman. Of course, all those names have been leveled on me by people who haven't actually tried Reunion Intense Spot Relief, not the Chiros who accepted our **FREE** sample! Let's be honest, competitors selling "longer than ice" (about 35 min) menthol pain relievers have a significant head start with practitioners servicing people in pain. Playing catch up ain't easy but after professionals I ke you actually treat a few patients **GAME OVER**. That's why I'm offering you a 15-20 application bottle of Reunion ISR ... **FREE!**

Why Game Over? Because Reunion provides instant pain relief and lasts 4-24 hours or longer. And it does so without menthol, capsaicin, drugs or patches. No Rx is required. Because all pain is transmitted through the central nervous system ... Reunion is effective on virtually ANY cause: **neuropathy**, carpal tunnel, muscle pain, arthritis, **shingles/PHN** and many more. Will it mend a broken bone? NO! Will it heal internal injuries? NO! Will it "cure" d'seases? NO! But will it shut down pain in minutes if not seconds? **ABSOLUTELY!**

Now, Pure Biomed has announced **Reunion AI** and **HZ** ... potent anti-inflammation and anti-viral **Shingles** relief.

Reunion efficacy equals or surpasses Rx systemic or topical relief with **NO DRUGS ...NO SIDE EFFECTS**. And it's **SAFE!**

If you are using laser or ultrasound, customers are telling us pain relief and the patient experience are greatly enhanced by using Reunion oils with the treatment. Reunion is also amazing as a standalone reliever.

Using Reunion in your practice will put happy faces on your patients and you. Making Reunion products available for home use will provide them pain relief, good sleeping and avoidance of future skin/infection problems when used regularly. Reunion is the perfect complement to your good care ... and a profitable one too!

If you would like a **FREE** bottle of Reunion ISR to check it out for yourself, please contact me and we'll send a bottle to you. Then let's discuss how you can create a Reunion profit center.

I know your Grand Pappy told you "if it's too good to be true"
Maybe this time he was wrong. Find out for yourself with no risk.
