If you're a doctor, choosing The Message Center, Inc. will be the best choice you'll ever make. Doctors choose us because we are highly experienced at handling their after hours phone calls.

Is your answering service general purpose or does it specialize in medical calls? General purpose answering services can't be HIPAA compliant. On top of that, they don't understand the nuances of the various medical calls that you will get. Our calls go fast because we already know what information to take and where it needs to go. Give our service a try, you'll love it.

STANDARD FEATURES

24 hour coverage	Call patching	Custom greeting
